All About Me Book

To view the complete guide and watch a video, go to www.Roylco.com/product/R49143.

Tell your story with the All About Me Book! Great for encouraging early literacy and socio-emotional development. As students fill in their character book, they will be inspired to write and draw facts about themselves.

Color the front and back covers with crayons or markers and paste on details with decorative paper. Make self-portraits! Add yarn hair or fabric swatches to make clothes.

Each large kid-shaped book features 5 accordion-folded pages for students to write and illustrate their stories. The inside of the All About Me Book is pre-cut with a slot for securing the accordion folded pages. Simply fold the paper along the pre-scored creases in successive forward and backward movements. There should be five equal sections with a smaller section at the end. This page can be fed through the slot in the All About Me Book. Flip the book over and tape the page to the back. Fill the pages with illustrations inspired by questions such as, "What is your favorite food?"; "Favorite color?"; "Where did you go on vacation?" and so on!
