

Chipboard Picture Frames

Display your masterpiece with Chipboard Picture Frames! Made from sturdy chipboard, these great designs and trims will enhance your portraits. Decorate them with craft paper and collage materials to really make them pop! Frame your favorite photographs or hand-made art! Below are a few simple steps to help you create an excellent home for your favorite photos or homespun art!

- Choose one of the frame bases included.
- Take a piece of colored craft paper and glue it onto the frame. Trim around the edges and along the rectangle in the middle.
- Choose an accent frame to layer on top of the frame base. Cover with craft paper or paint. Glue them to the base.
- Accessorize! Use mosaics, gems, beads, or buttons to embellish your frame. Choose one of the accent pieces and decorate it with paint or colored craft paper. Glue in the top or bottom corner of the frame. Example: place the flower accent piece at the bottom.
- Tape your picture to the backside of the frame and enjoy your own creative decoration!
